MEMO

Title: **Barton Willmore Note on 2018 Household Projections**

From: **Nick Ireland, Director, Iceni**

Date: **02.07.20**

Barton Willmore (BW) have produced an Inquiry Note addressing the 'Publication of the 2018-based Household Projections' which were released by ONS on 29th June 2020.

As the BW Note sets out, these do not have any direct bearing on the Council's position as the Planning Practice Guidance directs the use of the 2014-based Household Projections in the Standard Method.[1]

In any case the projected household growth across Central Lancashire in the 2018-based Household Projections is very similar to that shown in the 2014-based Household Projections; the difference being within 1% as shown in Table 1 in the BW Note.
