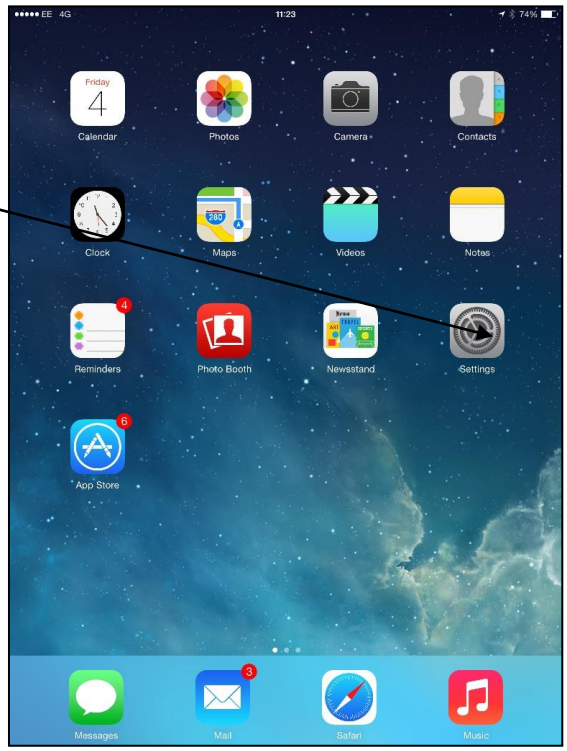
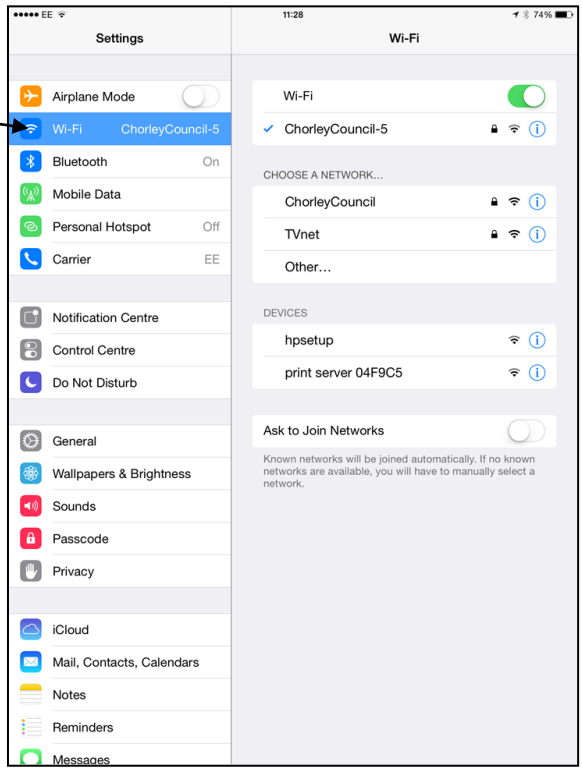
Wi-Fi on your iPad

Connecting to a Wi-Fi source

Open “Settings” from the first page of applications on your iPad.



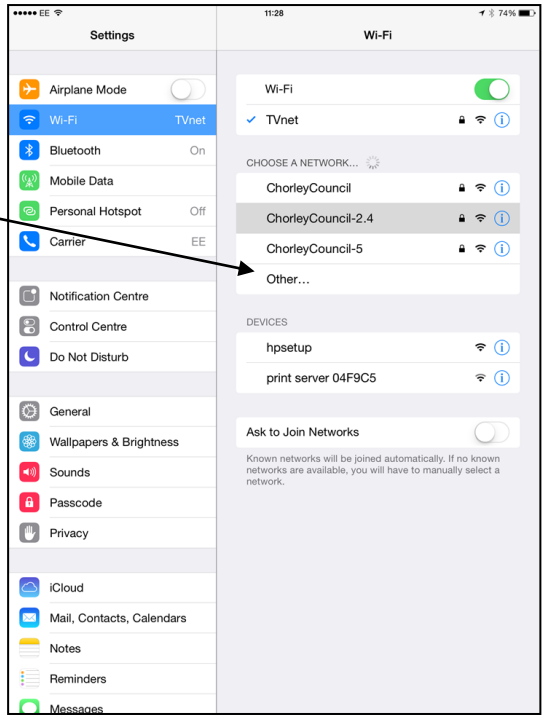
Click “Wi-Fi”



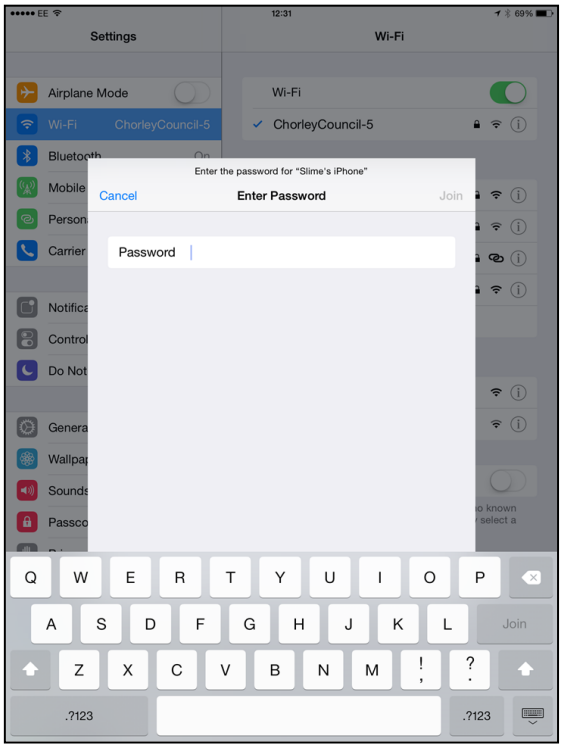
Chorley Council

Wi-Fi on your iPad

And hopefully your network will appear here.



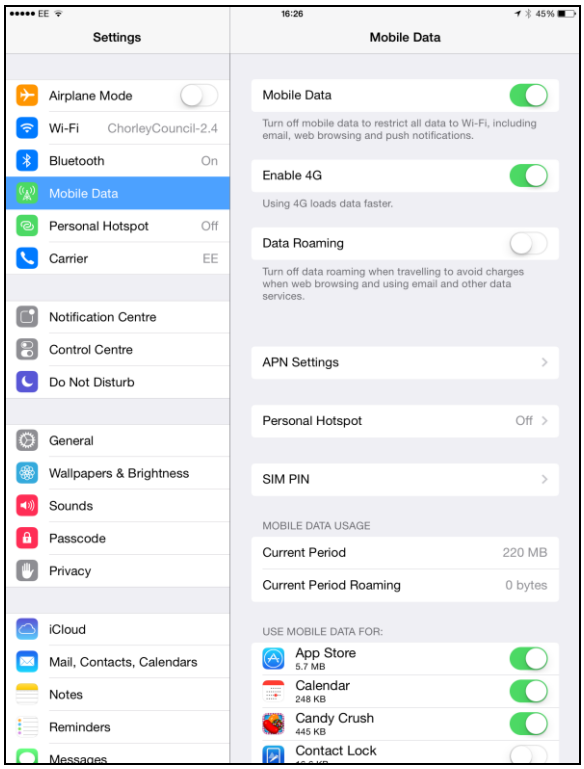
Choose your network and when prompted enter your “Wi-Fi” password.



Wi-Fi on your iPad

Checking your data allowance

To check how much of the monthly data you had used go into Settings
Tap Mobile Data



Tap on Reset Statistics at the beginning of the month to keep an eye on your data usage

Using your iPhone to create a hotspot

On the iPhone:
Go to settings
Go to "Personal Hotspot"
Turn "Personal Hotspot" on
Select a password or use the one display on the screen
Read the instructions at the bottom of the page for how to connect another device using wifi. These will include the name of the device to pick from the iPad.
