Shared Services Joint Committee	26 January 2015

Report template revised June 2008

SUBJECT	PORTFOLIO	AUTHOR	ITEM
Business Improvement Plan & Budget 2015/16	N/A	S Guinness & G Barclay	5

SUMMARY AND LINK TO CORPORATE PRIORITIES

This report summarises and explains the content of the attached Business Improvement Plan (BIP) and Budget for the Finance and Assurance Shared Services Partnership which will cover the **7th complete financial year of its operation.**

The Committee will receive regular update reports during the course of the year highlighting the actions taken to deliver service improvements and performance targets specified in the BIP, including budget updates, culminating in a detailed Annual Report at the year-end.

The Shared Services Partnership is a high corporate priority for both Councils.

RECOMMENDATIONS

1. That the Joint Committee recommends to the Executives of each host authority the adoption of the required resources to deliver the Shared Services Partnership in 2015/16.
2. That the Joint Committee adopts the Risk Assessment contained in **Appendix One**.
3. That the Joint Committee agrees to delegate the ability to incorporate any residual information or amendments to the BIP and Budget to the Chief Executives of both host authorities in consultation with the Chair and Vice-Chair of the Committee.
4. That the Joint Committee formally adopts the 2014/15 Risk Assessment as contained in the approved 2014/15 Business Improvement Plan and set out in **Appendix Five** for reference.

DETAILS AND REASONING

Performance Management

The Committee has previously received and approved the formal Partnership Agreement incorporating a Service Level Agreement which sets out the key outputs required of the Partnership and the individual performance measures against which it will be judged.

The main aim of the attached BIP is to translate these outputs and measures into specific projects and targets which need to be achieved during 2015/16. These are shown in the tables at **Appendices Two and Three** of the BIP.

Other Purposes

As well as underpinning performance management the BIP fulfils the following purposes:-

- Highlighting the **main achievements** in 2014/15 within the Partnership;
- A **Risk Register (Appendix One)** for identifying and acting upon the key risks and opportunities facing the Partnership in 2015/16;
- A **Financial Plan (Budget)** to facilitate the effective financial management of the Partnership;
- A **Contracts Register (Appendix Four)** to acknowledge that many of the Partnership’s main services are delivered through or in association with other organisations;
- An outline of the main areas of proposed **procurement activity** during 2015/16;
- A summary of the **financial efficiencies** which have already been secured by the Partnership in the first **6 full financial years** of its operation;
- An outline of the **business opportunities** which it is intended to exploit in 2015/16.

WIDER IMPLICATIONS

In the preparation of this report, consideration has been given to the impact of the following:

FINANCIAL	The 2015/16 budget proposed for the Partnership is set out in this report and has also been included in the budget setting processes at each Council for approval.		
LEGAL	The Shared Services Joint Committee, established under Section 101 of the Local Government Act 1972, provides the overall governance for this with its terms being set out in an Administrative Collaborative Agreement which has been signed by both Councils. Sound business planning and performance management arrangements are required to enable the Shared Services Joint Committee to effectively fulfil its obligations.		
RISK	A dedicated Risk Register has been produced in order to identify and mitigate the risks associated with the ongoing development of the Partnership and the latest version is incorporated within the Business Improvement Plan appended to this report.

KEY ACHIEVEMENTS IN 2014/15

A summary of the main service level successes achieved so far in 2014/15 are as follows:-

Shared Assurance Services

Internal Audit

Retaining the ISO 9001 quality standard for Internal Audit
 Achieving 100% professionally qualified staff in Internal Audit
 Improving the Internal Audit reporting and customer feedback processes
 Supporting the Annual Governance Statement reviews for SRBC, CBC and the Joint Committee
 Delivering fraud awareness training to over 150 officers at CBC

Risk Management

Improving the service level risk management arrangements at both host councils
 Supporting Zurich Municipal to deliver a Water and Open Spaces Risk Management Review at CBC

Emergency Planning

Working in partnership with other agencies to develop and implement an "Off Site COMAH Emergency Response Plan" & programme of public awareness for the Redcliffe international munitions storage site at Heapey.
 Updating the SRBC Flood Response Plan.

Insurance

Overseeing the renewal of both host councils' insurance portfolios under Long Term Agreements (LTA's)
 Arranging insurance covers for the Market Walk shopping centre in support of its acquisition by CBC

Shared Financial Services

Successful progress towards Chartered Institute of Public Finance professional qualification.

Facilitation of a Business Rates Retention training session for the North West R3region in partnership with LG Futures.

Procurement Team winners in the Chief Executive's Awards.

Liaison with the External Auditors to secure unqualified VfM (Value for Money) Conclusion at both Councils.

Procurement

Completion of the original 5 year Joint Procurement Strategy with all targets achieved and/or exceeded.

Adoption of new updated Joint procurement Strategy.

Assistance providing to both Councils to achieve efficiency savings through procurement.

100% Customer Satisfaction achieved in Survey.

Essential support provided to achieve a Fairtrade Town application to be submitted in Chorley.

Professional procurement advice provided and significant level of support provided to the waste Contract renewal at South Ribble.

Management and Financial Accountancy Services

Providing the financial support for the purchase and financing of Market Walk and the ongoing financial monitoring of this key and high profile event in Chorley.

Providing the financial support for the initiation and ongoing support for the City Deal arrangements between South Ribble, Lancashire County Council and Preston City Council.

Closure of Accounts and production of both Councils' statutory Statement of Accounts (SOAs) to the tight required statutory deadline with no errors. This brings the total of years completed to 6 and 12 SOAs produced incorporating all national, statutory changes required. Only one error has been made during this period which did not affect the bottom line of the Council affected.

Completion of base budget review at both Councils achieving budgetary savings contributing to balancing the overall Councils' budget.

Introduction of new budget monitoring reporting and budget holder briefings arrangements to support devolved budget management regime.

Systems Development and Creditor Payments

Providing Systems Development expertise in an efficiency programme project to a Lancashire district council.

Providing essential immediate helpdesk facilities to over 310 financial system users.

Driving the initiative to support small and medium sized businesses by paying our invoices quickly. During 2014/15 to date, 81.72% have been paid within 10 days.

Systems Development Plan – Achieving Payment Card Industry – Data Security Standard (PCI-DSS) compliance reducing the risk of fraud for our customers and preventing financial penalties for the Council.

NEW RISKS & OPPORTUNITIES FOR 2015/16

At the outset of the shared services partnership, the risks associated with its successful implementation were recorded in a risk register together with the proposed actions to mitigate them.

Although the majority of the original risk issues have now been mitigated, the updated risk register at **Appendix One** contains a list of the original risks where action is ongoing and progress is now part of the day to day management processes within the services to address them. In addition new and emerging risks and opportunities as the Partnership enters its seventh full year of operation are monitor, identified, planned for as part of Business Improvement Planning and acted upon.

The key risks and opportunities facing the Partnership at this stage of its development are considered to be:

- Continuing to delivering sustainable services in the light of public sector funding cuts, including seeking out viable opportunities to grow;
- Further developing managers and staff and planning for succession taking into account that all functions have posts that are restricted to staff who have attained a professional qualification, be that Accountancy, Procurement and also Internal Audit;
- Further developing the management accounting function at both host authorities to increase added value, including developing the Financial Management Information System (FMIS) in order to maximise the potential benefits;

PARTNERSHIP BUDGET 2015/16 (at summary level)

Budget	2014/15 £000	2015/16 £000	Variation £000	Notes

Salaries Costs	1.319	1.350	0.031	Increase due to pay-award, increments, Pensions Deficit Contribution, and training costs all offset by Car lease NI adjustment (see below).
Car leasing	0.027	0.031	0.004	Car leasing NI cost transferred from salaries category above.
Employee Related Insurance	0.013	0.014	0.001	Inflationary increase.
Lancashire County Council Internal Audit Budget	0.010	0.010	-	
Transport	0.014	0.012	(0.002)	General reduction in travel costs.
Financial Management Information System	0.060	0.060	-	
Supplies and Services	0.045	0.047	0.002	Inflationary increase funded by virement from transport costs.
TOTAL BUDGET	1.488	1.524	0.036	

The budget for the Partnership has been updated to take account of annual inflationary increases. No budget reduction targets are included for 2015/16, however, the service seeks to improve productivity and efficiency on a continual basis. The budget set out above links directly into the budgets proposals within the Councils' individual draft Medium Term Financial Strategies (MTFSs) for 21015/16 onwards.

In support of the following key strategies the Partnership will continue to seek ways of improving productivity and efficiency by making the best use of the technological solutions available and also through income generation:

- the objectives within the MTFSs of each Council, that both forecast budget shortfalls in future years, and
- the Chorley and South Ribble Joint Procurement Strategy.

KEY SERVICE DEVELOPMENTS & TARGETS 2015/16

Service Level Agreement

The Shared Services Joint Committee has approved a Service Level Agreement (SLA) which sets out the key performance outputs and measures for the Partnership.

These outputs and measures have been translated into specific service developments and targets which need to be achieved during 2015/16.

Service Developments 2015/16

A table showing the annual objectives and key projects for 2015/16 is shown at **Appendix Two**. Several of these are aimed at addressing the strategic risks and opportunities impacting on the Partnership as identified in the revised Risk Register. It is relevant to note that with regard to service developments that budget efficiencies secured to date mean that greater focus is now on the delivery of core functions and activities. This strategy is reflected in the project programme proposed for 2015/16.

Performance Information

In order to secure continuous improvement in the way that the Partnership delivers its core services it is essential that appropriate performance measures are identified against which challenging targets can be set and regularly monitored. The table at **Appendix Three** includes a performance indicator set that is based on the work of the National Audit Office (Value for Money in Public Sector Corporate Services – A Joint Project by the UK Public Sector Audit Agencies (2007)). The indicator set was also put together following service user and staff consultation and draws upon previous measures used at South Ribble and Chorley.

Performance Reporting

Using standard templates, regular reports on progress against the required outputs, service developments and performance targets will be presented to the Chief Executives, Joint Committee and other relevant committees at each council at the appropriate intervals.

Data Quality

It is also important to stress that the data quality and collection standards appertaining to each Council will be rigorously applied.

CONTRACTS & PARTNERSHIPS

A list of the contractual and partnering arrangements involving Shared Financial and Assurance Services as at January 2015 is contained in the table at **Appendix Four**.

DELIVERING EFFICIENCIES

Cashable Savings 2008/09 – 2015/16 - Since the partnership was launched at the beginning of January 2009 significant budget efficiencies have been secured by working in partnership, making the best of new technology and proactively reviewing the ways in which we work. To date, over £0.550m worth of budget efficiencies have been achieved on a recurring basis from the original budget position which was less than £2.0m. The current Business Improvement Plan also sets out projects that aim to ensure that the partnership continues to achieve efficiencies.

Budget Efficiencies 2015/16

The partnership is continuing to work towards assisting both Councils make significant cashable savings in order to close budgetary funding gaps resulting from the current reduction, and heightened uncertainty in core funding. No specified budget efficiency target is included in the 2015/16 BIP, however, the service will continue to seek out new ways of working, including maximising the benefits of new developments within the Financial Management Information System (FMIS) that will improve the efficiency of the service. These will be reported within the services Performance Report during the forthcoming year.

BUSINESS OPPORTUNITIES

It has been the intention of the service to seek to expand the new and innovative way of delivering financial management systems within our one Financial Management Information System (FMIS) to a third, external organisation when appropriate. The service is also involved in investigating new FMIS feeder systems such as payroll and is constantly monitoring developments within other FMIS delivery modules in order to maximise budgetary efficiencies. This involves a feasibility study into returning outsourced services in house or finding other more efficient options including partnership arrangements for single financial functions. Should the outcome of this review result in new internally managed systems then once they have been fully embedded these may present opportunities for business expansion should it be viable and beneficial to do so.

The Shared Financial Services (SFS) function is currently undertaken paid consultancy work with another Lancashire District Council, the remit being to review the Financial Systems and Process Review and Identification of Support and Hosting Options. It is planned to carry forward the income received in 2014/15 (which is over and above the existing budget) into 2015/16 to help fund any resulting one-off costs of future developments.

Shared Financial Services also took the lead in hosting a regional financial training event on Business Rates Retention in Partnership with LG Futures for the Lancashire and North West Region. The net cost of providing the event, compared to SFS staff attending the event in another region, saved the Partnership £710. The event also served to raise the profile of the shared services arrangements. Due to the success of the event it is planned to continue working with outside training providers provide similar specialist and relevant regional training events.

- following service user and staff consultation;
- drawing upon existing measures at South Ribble and Chorley; and,
- based on the work of the National Audit Office (Value For Money in Public Sector Corporate Services – A Joint Project by the UK Public Sector Audit Agencies (2007)).

The NAO model develops an amended scorecard approach that, in addition to an efficiency dimension, defines three separate facets of effectiveness that can be measured:

- **Impact**, in terms of how the output from each of the services contributes to or influences corporate performance as a whole;
- **Satisfaction** of users and senior managers;
- **Modernisation**, in terms of the extent to which management practices have been adopted that are innovative and forward thinking.

The following table identifies each type of measure being used by the following references:

- E = Efficiency
- EI = Effectiveness Impact
- ES = Effectiveness Satisfaction
- EM = Effectiveness Modernisation

Note also that the data quality and collection standards appertaining to each Council will be rigorously applied.
