EXPLANATION OF COUNCIL TAX SETTING RESOLUTION

RESOLUTION 1

(a) Before we can calculate the Council Tax to be charged, we first have to calculate the Council Tax base. The Council Tax base is the amount which a Band D Council Tax of £1.00 would raise. For 2009/10 we estimate that a £1.00 Council Tax at Band D would raise £35,099.00 in the Chorley area.

(b) This shows the “base” figure for each Parish in the area. For example, a £1.00 Band D Council Tax in Adlington would raise £1,956.00.

RESOLUTION 2

(a) This is the grand total of money which the Council estimates it will spend on all services in 2009/10. It also includes £594,337 which Parish Councils need to run their services.

(b) This is the grand total of money which the Council estimates it will receive from various sources in the year. This includes, for example, car park charges, investment income, government grants in respect of benefits, etc.

(c) This is the difference between 2(a) and 2(b) and is in effect the Council’s and Parishes net spending on services.

(d) This is the amount that the Government will contribute towards the cost of our services. Also included is extra Council Tax resulting from new properties and expected collection rates in previous years.

(e) The difference between 2(c) and 2(d) is £6,899,760 and this is the amount we need to charge Council Taxpayers. This is divided by the base (see 1(a) above) and the resulting figure of £196.58 is the average Band D Council Tax for all Borough and Parish services.

(f) The total of all the amounts needed from Council Taxpayers by the Parish Councils in the area and for Chorley Borough Special Expenses.

(g) This is the Band D Council Tax for Chorley Borough Council’s own services, ie excluding Parish Council spending and Special Expenses

(h) This table shows the Band D Council Tax for all parishes including the cost of the Parish Councils and Chorley Borough Council. For example, Adlington’s Band D Council Tax is £159.99 for Chorley Borough services and £8.95 for Adlington Town Council services and £4.73 for Chorley Borough Special Expenses.

(i) The rate for each property Band is calculated by reference to the Band D charge. The following ratios apply:

Band A	$\frac{6}{9}$ ths of Band D
Band B	$\frac{7}{9}$ ths of Band D
