GRANT GUIDELINES

Grassroots Grants Programme-Lancashire

The Grassroots Grants programme is funded by the Office of the Third Sector and administered by The Community Foundation for Lancashire.

Aims of the Programme:

The programme was designed to respond to local issues, improve organisational capacity and help support the diverse needs of communities. Grant applications should show how funding will help groups support activities and services with regard to the following:

a) The programme aims to enable groups to:

Flourish, continue or expand their work; build their capacity and provide support for provisions for local people, advocacy, and to help strengthen community voice.

b) It also aims to complement each area's Local Area Agreement- (LAA's simplify some central funding, help join up public services more effectively and allow greater flexibility for local solutions to local circumstances. LAA's set out the priorities agreed between central government, your local authority, Local Strategic Partnership and other local partners). They focus on the following areas:

- Children and young people
- Healthier communities and older people
- Employment, learning and skills, education or training
- Urban renewal, safer stronger communities or environment

NB: Groups must address in the grant application (Q16) how funding will help to support activities and services in relation to the above points listed in a & b above

Who is eligible to apply

- Groups must be Not for profit, third sector voluntary and community groups living and operating locally in Lancashire (excluding Blackburn with Darwen)
- Groups must have been active for at least 18 months prior to the round closing date
- Groups must be volunteer-led, clearly connected with and meeting the needs of the local community
- Groups must have an annual income of less than £20,000 (or average in the last 3 years)

How much money can you apply for

Groups may apply for grants of £250-£5000. One or more applications may be submitted between July 2008 and 1st October 2010, however the maximum grant funding permitted per group is £5000 over the life of the programme. All funding must be spent by 31st March 2011.

Further Important Information about Costs

Budgets should reflect the full costs to the group, including the direct costs of projects, and all the overhead costs associated with running them. **Groups must be able to justify each element of full cost recovery included**
- Rent and other office type costs may be considered where they are part of a distinct project that funding is being requested for
- Funding Must Lead to Community Benefit and an Outcome, No Matter How Small.

How are decisions made on grant applications

Completed grant applications are appraised by Community Foundation staff. Groups are contacted for more information after applying, and a decision making panel, comprising of local representatives including local community members, will consider the applications.

Timescales:

Decisions are made within 2 weeks of the closing date, provided that all necessary supporting information has been received by the Community Foundation to accompany your application form. An offer letter will then be issued within 10 working days of the panel meeting.

Unsuccessful applicants will receive a letter detailing the reasons for their application being rejected and will be invited to reapply to this or another Foundation administered programme where appropriate.
