Health & Safety Briefing

Overview & Scrutiny Committee

Denise Fisher
H&S Adviser

March 2018

Health & Safety Briefing

Aims:

- **Compliance through effective risk assessment**
- **Managers have 'real' oversight & drive improvements**
- **Owned by all**
- **Routine sharing of good practice ~ a Lessons learned & shared culture**
- **Year on Year improvement**

Health & Safety Briefing

Objective: Implement 'new approach' to Risk Assessment

- **Proposed 'new approach' to SMT**
- **Piloted**
- **Refined & reported back to SMT**
- **Some integration**

Risk Assessment Register

Risk Assessment Index ~ Task list & initial Risk Ratings

Task No.	Task Title	Task Risk Rating	General Task	COSHH	Manual Handling	Work at Height WH	Stress / Emotional Wellbeing	DSE	Lone Working	Safe-guarding	Working near Roads WR	HAVs HV	Noise N	Events	Other (Specify)	Lead Officer	RA findings shared with staff on / at
49	Securing mowers to vehicle/ trailers	3			X						X						
50	Tractor - using Flail for cutting Hedges	9	Task 50		X				LW Task 50		Task 4		X			C Walmsley	PH 1-2-1 29/01/2018
51	Loading and Unloading Vehicles (including trailers)	4	Task 51		X				LW Task 51		Task 4					I Banks	
52	Edging grass verges along the A674	9	Task 52		X						Task 4	X	X			C Walmsley	
53	Tree raising/ branch removal from Westway	9	Task 53		X						Task 4	X				C Walmsley	

Specific Risk Assessment & Record

Risk Assessment Record

Department:	Streetscene	Assessor:	C. Walmsley	Date:	13-02-2018	Ref. No	52	Authorised By	J. Oliver	Review Date:	XX.XX.XX
Brief Task description											
Edging grass using edging machine along A674 –approx. 6.5 km from the east side of the M61/ A674 junction to west side of the M65 / A674 junction – from the Botany Bay roundabout to Houghton Arms pub, passing through Higher Wheelton - (Proposed start date 26.2.18 – 4 to 5 days working; 9 Opo's per day)											
Training Standard for this task? Specify...											
5. As for TASK_4_Working-nr-Roads 2. Briefing / instruction re. Use of edging machine 3. Briefing / Instruction re. RAMS & MS 4. Manual Handling Ops											
Mandatory PPE for this task? Specify....											
Safety Boots (EN ISO 20345:2011)											
Hi Visibility Clothing (EN 471 Class 3 + Class 1 trousers)											
Ear Defenders (xx) (check noise rating)											
Gloves (EN388, EN511)											
Eye protection (decanting fuel / refueling)	Y	N	Y	N	Y	Y	N	Y	N	Y	
Face Mask (for cleaning) FFP1 or 2											
Disposable half face; BS EN 149											
Other Risk Assessments / Permits / Plans required: e.g. Manual Handling, COSHH, Lone Working, Work at Height, Stress, Fire, Signing & Guarding Plans											
1. TASK_4_Working-nr-Roads 2. VBA 0568 3. VBA 05611 4. VBA Method Statement Stop/Go 5. CC Method Statement ..Method Statements\Task_52 MS_Edging_verge_A674v0.docx											
6. Road Permits will be required LCC (& possibly Highways England approvals)... Road Permits\Road Space Permit - A674.pdf											
Hazard	Who's at risk?	Current controls	RR	Additional actions required	RR	By Who	By When				
1. Site specific attributes: <ul style="list-style-type: none"> Lateral Safety Zones NOT maintainable on this road, for this task Very busy / fast road (50+mph / motorway slip roads) 	Ops / Others / Road Users	<ul style="list-style-type: none"> Work nr Road briefing / training given Initial proposal to use road sweeper as protection for Opo's using handheld edging machine rejected by CW/DF (Ref. email DF 24.1.18 cc. Director) following site visit / initial assessment 	6	1. CC MS required to detail: <ul style="list-style-type: none"> Sequence of work agreed Method of communication between CC Opo's & VB Opo's Restrictions & Rules for 	3						

Risk Assessment Action Tracker

18	28	Discussed & PH agreed to keep his mobile phone on his person at all times when carrying out any repairs / unblocking flail etc. (Jo to raise at Supervisors meeting...)	PH		29/01/2018	CW
19	50	Discussed & PH agreed to keep his mobile phone on his person at all times when carrying out any repairs / unblocking flail etc. Hedge cutting work carried out with team support so team made aware of repair/ unblocking so they can assist (Jo to raise at Supervisors meeting...)	PH/JO/Team Leaders		29/01/2018	CW
20	50	PH reviewed Risk assessment and give comments to CW	PH		09/02/2018	CW
21	50	PH requested that CW add that 'when dealing with blockages on the flail that the tractor should be switched off	CW		12/02/2018	CW
22	52	Consider weed spraying the grass verge edges as an alternative methods for maintaining overgrown grass edges. Spraying does not have the desired effect as it will only kill the grass rather than remove the soil etc.	CW		09/02/2018	
23	52	Consider machinery attachments that could remove the need for it to be done by hand. Demo of machinery identified that it would only cut the verges and not remove the soil etc. from site meaning that operatives would still be required to enter the lateral safety zone/ highway. Costs for the machinery were also prohibitive	CW		Oct-17	
24	52	Site visit A674 to ascertain where work will take place and traffic management requirements.	CW/ DF		24/01/2018	
25	52	Contact traffic management contractor (Ventbrook Ltd) and visit site to ascertain requirements and costs	CW		02/02/2018	
26	52	Due to cost, traffic management requirements and risk decision taken to not include Millenium Way, roundabout at junction with M61 and roundabout at junction with M62 in the programme of works.	JO/AK		06/02/2018	
27	52	CW to brief Supervisor (AF) and drivers (DC) on the MS & RA for the works. Discuss MS & RA and amend if required. Carry out site visit to look at work required and safe parking areas with AF, ME & DC	CW		21/02/2018	
28	52	AF to brief operatives required to carry out task	AF		26/02/2018	

Health & Safety Briefing

Objective: Implement 'new approach' to Risk Assessment

- **Meet remaining Managers**
- **Roll out, milestones & full integration**
- **Drop in sessions, demos & support**
- **Update Corporate Policies & Procedures**

Health & Safety Briefing

Objective: Build the Safety Culture

- **Devised & delivered training**
- **Topic based ‘action learning’ groups**
- **Developed & piloted ‘Training / L&D Matrix’**
- **Some integration into OD initiatives**

Health & Safety Briefing

Objective: Build the Safety Culture

- Devised & delivered training
- Topic based 'action learning' groups
- Developed & piloted 'Training / L&D Matrix'
- Some integration into OD initiatives
- Roll out 'Training / L&D Matrix' & return to SMT
- Integrate into Training / L&D provision
- Safety Culture Survey & benchmark

Health & Safety Briefing

Objective: Managers maintain oversight & control.....

- Briefed SMT & Managers on roles and responsibilities
- Collaborative working with Audit
- More meaningful PI's

Health & Safety Briefing

Objective: Managers maintain oversight & control.....

- Briefed SMT & Managers on roles and responsibilities
- Collaborative working with Audit
- More meaningful PI's
- Further briefings with Managers
- PI's / Dashboard - to SMT quarterly
- Further collaborative working with Audit

Health & Safety Briefing

Challenges & Opportunities

- **A BIG Culture shift**
- **Competing priorities ~ resources**
- **Empower & engage ~ Training, skills & experience**
- **Sharing / aligning values ~ Safe behaviours**
- **Communication ~ Lessons learned & shared**
- **Integrate**

Health & Safety Briefing

Summary

- **Key Objectives set the foundation for improvement**
 - **Implement a 'new approach' to risk assessment**
 - **Build the Safety Culture**
 - **Managers maintain oversight & control.....**
- **Good Progress**
- **Appetite to improve!**
