The Committee had indicated that it wished to examine the report in advance of its consideration by the Executive Cabinet on 9 November 2006.

The Strategy was a partnership strategy with many organisations making a contribution to its development.

The Strategy covered a wide range of initiatives and activities designed to improve access to quality play opportunities over a long-term period. Some of these were dependant upon bidding successfully for external funding, including £208,000 of lottery money. The bids would be considered by a small panel of assessors with four members, two from Chorley Council and a representatives from the Chorley Play Partnership and the Local Strategic Partnership.

The approval of the Play Strategy would enable progress on actions within the strategy and enhance partnership working that will ultimately help to reduce inequalities, get people more involved, improve access to quality play opportunities and develop Chorley as a good place to live and to play.

**RESOLVED - That the Executive Cabinet be advised that this Committee had supported the recommendations in the report but some members' had requested the appointment of a non-Executive Member from the Environment and Community Overview and Scrutiny Panel to the small panel of assessors to consider bids to the Big Lottery.**
