09.EF.41 HEALTH INEQUALITIES STRATEGY 7.00PM

The Chair welcomed Claire Thompson, the Council's Performance, Partnership and Equality Manager who gave a presentation on how the Chorley Local Strategic Partnership is tackling health inequalities in Chorley and explained why the gap for those people more likely to be ill is getting bigger.

From the evidence received there are three main areas of concern which have been identified as priorities: -

Teenage pregnancy

Alcohol harm

The 'Big Killers'

- Cancer
- Cardio Vascular Disease / CHD
- Chronic Obstructive Pulmonary Disease

Although there is a lot of data available in most of these areas it was proving difficult to find evidence on mental health, learning disabilities, and in the areas of COPD and obesity there is little or no ward level evidence.

The Council, in partnership with the PCT, are developing a strategy and action plan which will be presented to the LSP and Council meeting, the aim of which is to reduce the gap and improve the health of Chorley residents. Claire asked the Forum if any members had suggestions where information could be gathered and what steps could be taken to improve the health of residents.

The Forum discussed the issues raised in the presentation and in general agreed with the priorities identified.

The Chair thanked Claire for her presentation. Claire can be contacted on 01257 515348 or email claire.thompson@chorley.gov.uk.

Liz Morey, the Council's Neighbourhood Co-ordinator updated the Forum on Neighbourhood Working and the seven Neighbourhood Action Plans.

A number of events are taking place between May and July which include days of action and drop in sessions. It was acknowledged that as the days of action took place during a week day many young people would be unable to attend, and the possibilities of taking children out of school to attend was discussed. Liz added Forum members would be able to display information on their individual group if they wished. Confirmed drop-in sessions are:

- Abbey Village Primary School Wed 10 June 3.00 - 5.45pm
