CHANGING LIVES

'Transforming lives and places in communities in need''

5 Strategic Areas

Transforming lives and places in communities

... building skills &
supporting enterprise ...

... positive about
young people ...

... safer and stronger
communities ...

... tackling climate change ...

... healthier and more active ...

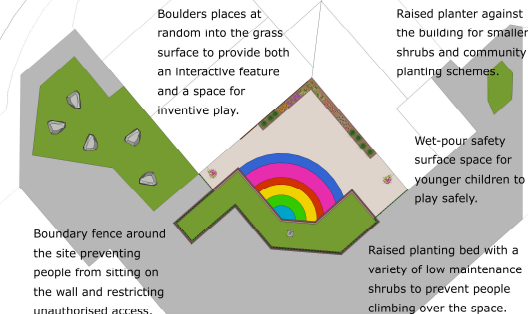

Safer and stronger communities ...

- The development of community pride
- A reduced fear of crime
- Provision of cleaner, safer and greener spaces
- Improved appearance of parks, streets and housing estates
- Increased community capacity
- Improved social cohesion

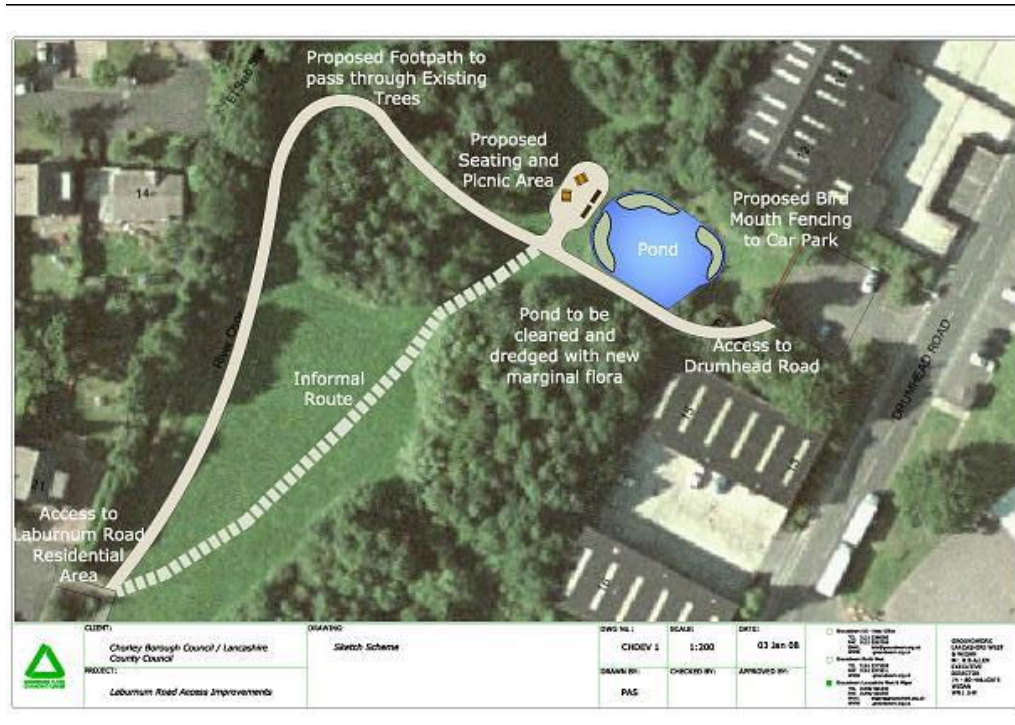

Safer and stronger communities ...

Clayton Brook Village Centre

Clayton Brook Village Greening

Safer and stronger communities ...

Laburnham Road, picnic area, new path, pond work

Developing Positive & Ambitious Young People

- Increased confidence and self-esteem in young people
- Young people that play a full, active and cohesive part in local communities
- Young people with a sense of purpose, value, focus and ambition.

... positive about young people ...

Breakthrough for Schools

... positive about young people ...

Supergrounds St Mary's RC Primary School

... positive about young people ...

Spaces for Young People

Reducing carbon emissions & tackling climate change

- A community that embraces action to combat climate change
- A community educated in reducing energy consumption and waste minimisation
- An alleviation of fuel poverty
- Increased access to training, advice and advocacy on the climate change agenda

... tackling climate change ...

Eco Education

... tackling climate change ...

Display Energy Certificate
HM Government

How efficiently is this building being used?

A Government Dept
12th & 13th Floor
Jubilee House
High Street
Anytown
A1 2CD

Certificate Reference Number:
1234-1234-1234-1234

This certificate indicates how much energy is being used to operate this building. The Operational Rating is based on meter readings of all the energy actually used in the building. It is compared to a benchmark that represents performance indicative of all buildings of this type. There is more advice on how to interpret the information on the Government's website www.communities.gov.uk/epcd.

Energy Performance Operational Rating

This tells you how efficiently energy has been used in the building. The numbers do not represent actual units of energy consumed; they represent comparative energy efficiency. 100 would be typical for this kind of building.

More energy efficient

A

0-25

B

26-50

C

51-75

D

76-100

E

101-125

F

126-150

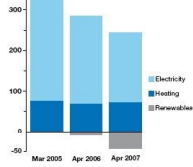

G

Over 150

Less energy efficient

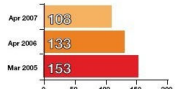

Total CO₂ Emissions

This tells you how much carbon dioxide the building emits. It shows tonnes per year of CO₂.

Previous Operational Ratings

This tells you how efficiently energy has been used in this building over the last three accounting periods.

Technical information

This tells you technical information about how energy is used in this building. Consumption data based on actual readings.

Main heating fuel: Gas
Building Environment: Air Conditioned
Total useful floor area (m²): 2527
Asset Rating: 92

	Heating	Electrical
Annual Energy Use (kWh/m ² /year)	125	129
Typical Energy Use (kWh/m ² /year)	120	95
Energy from renewables	0%	20%

Administrative information

This is a Display Energy Certificate as defined in SI2007:991 as amended.

Assessment Software: CR-V1
Property Reference: 891123776612
Assessor Name: John Smith
Assessor Number: ABC12345
Accreditation Scheme: ABC Accreditation Ltd
Employer/Trading Name: EnergyWatch Ltd
Employer/Trading Address: Alpha House, New Way, Birmingham, B2 1AA
Issue Date: 12 May 2007
Nominated Date: 01 Apr 2007
Valid Until: 31 Mar 2008
Related Party Disclosure: EnergyWatch are contracted as energy managers
Recommendations for improving the energy efficiency of the building are contained in Report Reference Number 1234-1234-1234-1234
