- a) Details of the colour, form and texture of all external facing materials to the proposed dwellings
- b) Details of the colour, form and texture of all hard ground- surfacing materials.
- c) Location, design and materials of all fences, walls and other boundary treatments.

The development thereafter shall be completed in accordance with the approved details.

Prior to the first occupation of the dwelling hereby permitted all fences and walls shown in the approved details to bound its plot shall have been erected in conformity with the approved details.

Reason: In the interests of the visual amenities and character of the area and to provide reasonable standards of privacy to residents.

4. Prior to the commencement of the development hereby approved, including any site works, full details of tree protection measures shall be submitted to and approved in writing by the Local Planning Authority. This shall include a tree protection plan showing the Root Protection Zones of the existing trees, the approved site layout as shown on drawing LW/20/04/040C and areas of permanent ground protection measures. The trees shall be protected in accordance with the approved details at all times during construction and site works.

Reason: Such details have not been submitted as part of the application but are required to safeguard the wellbeing of the existing trees which are subject to Tree Preservation Orders and contribute Prior to the visual amenity of the area.

5. Prior to the commencement of the development hereby approved, including any site works, full details of a 'no-dig' construction technique, details of the method and routing of any services to be installed to serve the dwellings and details of a load bearing support system to form the access, car parking spaces and manoeuvring space, which is within the Root Protection Area of the protected trees shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out in total accordance with the approved details.

Reason: Such details have not been submitted as part of the application but are required to safeguard the wellbeing of the existing trees which are subject to Tree Preservation Orders and contribute to the visual amenity of the area.

6. The development hereby permitted shall only be carried out in accordance with the recommendations set out in section 6 of the Arboricultural Report prepared by Treescapes Consultancy Ltd dated 02 May 2014 (Reference No. AH/ALA/220813), except where modified by any condition.

Reason: In the interests of safeguarding the existing trees which are subject to Tree Preservation Orders and contribute to the visual amenity of the area.

7. The ensuite window in the side facing (east) elevation of Plot 1 shall obscure glazed and permanently retained thereafter.

Reason: In the interests of the privacy of occupiers of neighbouring property.

8. The landing windows in the side facing (north) elevation of Plot 4 shall obscure glazed and permanently retained thereafter.

Reason: In the interests of the privacy of occupiers of neighbouring property.

9. The development hereby permitted shall only be carried out in conformity with the proposed ground and building slab levels shown on the approved plan(s) or as may otherwise be agreed in writing with the Local Planning Authority before any development is first commenced.

Reason: To protect the appearance of the locality and in the interests of the amenities of local residents.

10. No development shall commence until a surface water drainage scheme has been submitted to and approved in writing by the Local Planning Authority. The drainage scheme must include:

- (i) An investigation of the hierarchy of drainage options in the National Planning Practice Guidance (or any subsequent amendment thereof). This investigation shall include evidence of an assessment of ground conditions and the potential for infiltration of surface water;
- (ii) A agreed restricted rate of discharge of surface water (if it is agreed that infiltration is discounted by the investigations); and
- (iii) A timetable for its implementation.

The approved scheme shall also be in accordance with the Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015) or any subsequent replacement national standards.

The development hereby permitted shall be carried out only in accordance with the approved drainage scheme.

Reason: To secure proper drainage and to manage the risk of flooding and pollution.

11. Foul and surface water shall be drained on separate systems.

Reason: To secure proper drainage and to manage the risk of flooding and pollution.

12. All new dwellings are required to achieve a minimum Dwelling Emission Rate of 19% above 2013 Building Regulations.

Reason: Policy 27 of the Adopted Central Lancashire Core Strategy requires new dwellings to be built to Code for Sustainable Homes Level 4 however following the Deregulation Bill 2015 receiving Royal Assent it is no longer possible to set conditions with requirements above a Code Level 4 equivalent. However, as Policy 27 is an adopted Policy it is still possible to secure energy efficiency reduction as part of new residential schemes in the interests of minimising the environmental impact of the development.

13. Prior to the commencement of the development hereby permitted, details shall be submitted to and approved in writing by the Local Planning Authority demonstrating that each dwelling will meet the required Dwelling Emission Rate. The development thereafter shall be completed in accordance with the approved details.

Reason: Policy 27 of the Adopted Central Lancashire Core Strategy requires new dwellings to be built to Code for Sustainable Homes Level 4 however following the Deregulation Bill 2015 receiving Royal Assent it is no longer possible to set conditions with requirements above a Code Level 4 equivalent. However, as Policy 27 is an adopted Policy it is still

possible to secure energy efficiency reductions as part of new residential schemes in the interests of minimising the environmental impact of the development. This needs to be provided prior to the commencement so is can be assured that the design meets the required dwelling emission rate.

14. No dwelling hereby approved shall be occupied until a SAP assessment (Standard Assessment Procedure), or other alternative proof of compliance (which has been previously agreed in writing by the Local Planning Authority) such as an Energy Performance Certificate, has been submitted to and approved in writing by the Local Planning Authority demonstrating that the dwelling has achieved the required Dwelling Emission Rate.

Reason: Policy 27 of the Adopted Central Lancashire Core Strategy requires new dwellings to be built to Code for Sustainable Homes Level 4 however following the Deregulation Bill 2015 receiving Royal Assent it is no longer possible to set conditions with requirements above a Code Level 4 equivalent. However, as Policy 27 is an adopted Policy it is still possible to secure energy efficiency reductions as part of new residential schemes in the interests of minimising the environmental impact of the development.

15. Prior to the commencement of the development hereby permitted, including any site works, a scheme for the construction of the site access and off-site works of highway improvement shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in full accordance with the approved scheme and shall be made available for use prior to occupation of any dwellinghouse hereby permitted.

Reason: To secure final details and in the interest of highways safety.
