

On behalf of the Conservation Group of Councillors we would like to thank our MP and Speaker Sir Lindsay Hoyle for hosting the G7 Speakers Conference here in Chorley.. It was a pleasure to see speakers and guests from the wider international community enjoying many of the sights, experiences, products and people that our diverse Lancashire town has to offer.

The event appeared to be a great success showcasing the very best of Chorley and Lancashire.

We would however like to ask Cllr Wilson to clarify if any costs and expenses were borne by Chorley Council; what these costs are and if the Speakers Office is to reimburse the council for these in due course?
