Hi Mr McMilian. This is to confirm that we're meeting at the Farmers Arms tomorrow at 4pm, you'll be meeting me Jessica and also Ryan. Many thanks and look forward to seeing you tomorrow

Hi Jessica , after due consideration and taking advice I have decided that there would be no advantage in us having a meeting at this time especially as it would be construed as some form of proper consultation by the organisers.

The residents have only been made aware of what is proposed less than a week ago and we are being rushed into making comments without having all the facts or Chorley Council fully considering all the matters about this type of event and the consequences to the community / its right to maintain its peace and quite.

The event is a commercial venture that does not take any account of other residents way of life and rights

Dear Mr McMillan,

Thank you for your message.

While it is disappointing that you have decided not to meet to allow us to outline our approach to managing our events without causing nuisance, we respect your decision.

Our method to event planning is to always ensure a transparent approach to our plans and working collaboratively with the local community to ensure impact is avoided.

If at any point you do feel that discussing this matter is something you wish to do, please don't hesitate to contact me.

Regards,
Jessica
