The Role of Management and Internal Audit

6. The responsibility for implementing a strong system of governance and internal control within the Council lies primarily with the Shared Senior Management Team. Directors and Service Leads need to ensure that they maintain effective control procedures not least because services and business systems are subject to on-going change.
7. Internal Audit is an independent appraisal function whose core objective is to evaluate and report on the adequacy of the Council's system of governance, risk management and internal control. In the main this is achieved through an annual programme of reviews, following a detailed risk assessment of audit need.

Development of the Internal Audit Plan

8. Professional standards for Internal Audit in local government specify that "the Chief Audit Executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation's goals."
9. To enable Internal Audit to be flexible and responsive to ongoing changes in priorities, strategy, operational arrangements, external factors that may increase the Council's exposure to risk and keep pace with to emerging risks across the organisation, it has been previously agreed with the Governance Committee that Internal Audit Plan is only developed for April to September. The process is then to revisit the audit needs analysis and to liaise with key stakeholders to consider any new and emerging risks to identify the work plan for October to March 25.

Compilation of the Audit Plan

10. The Internal Audit Plan April – September has been constructed after taking into consideration the following:
 - The Council's priorities / strategic plan;
 - A review of corporate strategies;
 - The corporate risk register;
 - Information taken from other assurance processes within, and external to, the Council, including External Audit and inspection reports;
 - Direct engagement with Directors;
 - The skills, knowledge and experience of audit staff;
 - Professional judgement on the risk of fraud and error;
 - Annual Governance Statement and Service Assurance Statements.
11. The Internal Audit Plan contains the programme of reviews for the period of April 24 to September 24 and is shown at **Appendix A**. This clearly shows the link between the work of Internal Audit, strategic and operational risks and corporate objectives. The reviews are clearly highlighted with the quarter for completion. The plan also details our involvement with key project teams assisting with advice and guidance on risk management, internal control and governance.

Internal Audit Reviews of Chorley Leisure Limited

12. It has again been agreed that the Internal Audit Service will provide 75 audit days to Chorley Leisure Limited (CLL). Whilst the outcome of each audit review will be reported to the Board of the Directors, the Governance Committee will receive an annual opinion on the adequacy and effectiveness of the internal control, risk management and governance arrangements for CLL.

Audit Resource

13. The plans for both the Council and CLL will be completed solely by the in-house team with external support procured for the specialist ICT reviews. Over the past 12 months, the Service profile has changed with the introduction of a further Trainee Auditor post. The current level of resource is detailed in the table below:

Head of Audit and Risk	0.6 FTE
Senior Auditor	0.8 FTE
Auditor	0.8 FTE
Trainee Auditor	2 x FTE
Bought in resource	30 days

Internal Audit Performance Indicators
