11.EC.05 CHORLEY PALS - HERITAGE LOTTERY FUND BID

The Director of People and Places presented a report providing details of the Chorley Pals Memorial Trusts funding bid to the Heritage Lottery Fund and specifically, further details of projects that involved Chorley Council assets.

Chorley Council and the Trust had worked closely to prepare the bid and there had been, and continued to be, extensive consultation with the parks, Astley Hall, town centre and conservation officers.

The Remembrance Project had a number of strands:

- Enhancement to the Chorley Cenotaph
- Remedial works to the Memorial Arch at the Queens Road entrance to Astley Park.
- Expansion and enhancement of the Memorial Room at Astley Hall.
- Enhancements to the Chorley Pals Memorial statue.
- Chorley Remembers website.
- Education and community initiatives, for example, Chorley Remembers Months

The report focused on the first four strands, given that the assets involved were Chorley's responsibility. The trustees would be the accountable body for the Heritage Lottery Funding, be responsible for the whole project and all financial matters.

The proposed enhancement work to the Chorley Cenotaph would mean the repositioning of the Falkland Stone. Any decision to relocate the Stone would be the subject of further consultation with various stakeholders for example, the British Legion and the South Atlantic Medals Association.

Decision made

- 1. To support the application and approve Chorley Council's involvement in the Trust's bid.**
- 2. Approval of the inclusion of the Chorley Cenotaph in the Chorley Pals Memorial Trust application, subject to:**
 - **A consultation exercise being undertaken to consider options for the location of the existing Falklands Stone within the Cenotaph area.**
 - **A detailed final design, costings, work methods, conservation details and insurances being presented for approval by the Executive Member for People prior to consent being given to work on site.**
 - **The cost of the works, estimated to be £63,000 in total, to be met by Chorley Pals Memorial Trust.**

- 6. Approval of the inclusion of the Memorial Room at Astley Hall in the Chorley Pals Memorial Trust application, subject to:**
 - **A detailed final design, costings, work methods, conservation details and insurances being presented for approval by the Executive Member for People prior to consent being given to work on the site.**
 - **The cost of the works, estimated to be £56,000 in total, to be met by Chorley Pals Memorial Trust. Chorley Council will contribute £2,000 towards the works.**

 - **The cost of works, estimated to be £5,000 in total, to be met by Chorley Pals Memorial Trust.**
- 9. Approval of the area around the Memorial Statue management and maintenance actions set out in Appendix C of the report.**

Reason for decision

Improvements to the Cenotaph, the Memorial Arch, an expansion and enhancement of the Pals Memorial room at Astley Hall and the introduction of interpretation boards and improved access at the Chorley Pals memorial statue on the Flat Iron car park.

Alternative option(s) considered and rejected

Not to support the Chorley Pals Memorial Trust's Heritage Lottery Funding application.

11.EC.06 PRINCIPAL AREA BOUNDARY REVIEW - BUCKSHAW

The Chief Executive presented a report informing Members that the Local Government Boundary Commission for England had indicated a possibility of a Principal Area Boundary Review being undertaken of the boundary between Chorley and South Ribble Councils regarding the Buckshaw Village Development.

The boundary between South Ribble and Chorley Council's goes through existing residential development. Currently there are around 1200 completed housing units on the Chorley part of Buckshaw, along with significant commercial development. Further significant residential and commercial development is planned in future years, with most of the planned development to be on the Chorley side of Buckshaw Village.

Upon receipt of confirmation from the Local Government Boundary Commission that a boundary review will take place, it was agreed that an all party group would be set up to formulate the Council's position.

The Leader was asked to consider single member wards across the Authority and it was agreed that this would be discussed at the next Leaders Liaison meeting.

Decision made

- 1. Approval to recommend Council to agree in principle that the area of Buckshaw Village should be located entirely in one authority and that this to be confirmed to the Local Government Boundary Commission for England.**
- 2. Approval of discussions to continue with South Ribble Borough Council who are undergoing a full ward review by the Boundary Commission.**
- 3. Noted that the Community Governance Review Committee has paused its Community Governance Review into whether or not to create a Parish Council for Buckshaw, to enable the Council to consider its position.**

Reason for decision

The Council wrote to the Local Government Boundary Commission for England in 2008 requesting that a review take place of the boundary between South Ribble and Chorley to resolve the anomaly of Buckshaw Village being located across two local council areas. The response received on 20 April 2011 is the first indication that a boundary review could take place and is therefore to be welcomed.

The review will only proceed if both Chorley Borough Council and South Ribble Borough Council agree one is required (although it does not appear to be necessary for them both to be in agreement on the location of the new boundary)

Alternative option(s) considered and rejected

If the Council did not support the principle of the review, Buckshaw Village would continue to be in an anomalous situation where the boundary cuts through actual properties and residents in the same cul-de-sac receive services from different Councils. This situation was considered to ignore the community identity of Buckshaw Village and would not provide effective and convenient local government, which is a key factor when determining local authority boundaries.

11.EC.07 GRANT OF A NEW SUB-LEASE OF LAND AT CHISNALL LANE, COPPULL, FROM CHORLEY COUNCIL TO CHORLEY PANTHERS ARLFC

The Director of Transformation presented a report seeking approval for the terms agreed for the granting of a 25 sub-lease with the opportunity to extend for a further 25 years to Chorley Panthers ARLFC on land at Chisnall Lane, Coppull.

The report also sought approval for consent to improve and alter the facilities provide, namely:

- Improved drainage system to all pitches.
- Floodlighting for one pitch and training area
- Extension of changing rooms to include 6 changing rooms, a match officials' changing room, a treatment room and gymnasium
- The erection of a new perimeter fence and a 3 foot fence with access gates across the playing pitches.

Decision made

- 1. Approval of the terms for the surrender of the existing sub-lease dated 5 February 2004 and the grant of a new sub-lease.**
- 2. Authorisation to Liberata Property Services to instruct the Head of Governance (Legal Services) to proceed with the drafting of the surrender and grant of new sub-lease.**
- 3. Consent granted for the alterations and improvements to the drainage, the perimeter fencing of the pitches, the installation of floodlights and the extension of the changing rooms/pavilion.**

Reason for decision

To ensure continued and improved delivery of a recreational facility for the people of Chorley.

Alternative option(s) considered and rejected

Should the sub-lease not be extended, the funding application would have to be withdrawn because the qualifying criteria (the longer lease term) would not be met, so the facilities would remain in their current condition for the remainder of the term of the current sub-lease.

The Director of Transformation presented a report that the provided the provisional outturn figures for the 2010/11 Capital Programme, which were at this stage subject to scrutiny by the Council's external auditor.

The Executive Cabinet were also updated on the Capital Programmes for financial years 2011/12 to 2012/14 to take account of rephrasing expenditure and other budget changes.

The report also informed of the receipt and budgeted use of contributions from developers for the period 2010/11 to 2011/14.

In accordance with the Council's strategy of reducing debt incurred for the financing of capital expenditure in previous years, £0.719 million had been set aside voluntarily in addition to the Minimum Revenue Provision for debt reduction charged to the revenue budget each year. This had been achieved by applying VAT shelter Income and revenue budget for repaying debt in subsequent years.

Decision

- 1. Approval of the financing of the Capital Programme for 2010/11 as presented in Appendix 1.**
- 2. Approval of the rephrasing of capital expenditure from 2010/11 and 2012/13 to the Capital Programme 2011/12, as presented in column (2) of Appendix 2**

Alternative option(s) considered and rejected

None.

11.EC.11 PROVISIONAL REVENUE OUTTURN 2010/11

The Director of Transformation presented a report setting out the provisional revenue outturn figures for the Council as compared against the budgets and efficiency savings targets it set itself for the year 2010/11.

The accounts were provisional and subject to final checking and scrutiny by the Council's external auditor. It was reported that any significant changes to the outturn as a result of the process would result in a further report being brought to Cabinet at a future meeting. Further details of the Council's overall financial position would be presented to the Audit Committee at the end of June when they considered the Council's statement of accounts.

Further savings in addition to the £360,000 in the original budget had been achieved and had helped to offset one-off costs associated with the recent directorate restructures.

The provisional outturn showed that the Council's initial net expenditure at the end of the year to be below budget. However, the figure included underspends to the value of £169,000 on committed items where slippage requests had been received to carry forward resources to 2011/12.

The level of working balances had exceeded the minimum £2.0m proposed at 31 March 2011 by £77,000, putting the Council in a positive position for the start of the next financial period.

Decision made:

- 1. Approval of slippage requests outlined in Appendix 2 of the report to finance expenditure on specific items or projects in 2011/12.**
- 2. Approval of slippage of Section 106 funding for Play and Recreation schemes.**
- 3. Approval of transfer of available funds to a specific reserve to fund one-off costs associated with achieving the objectives of the Medium Term Financial Strategy.**

11.EC.13 JOINT INSURANCE PROCUREMENT TENDER EXERCISE IN COLLABORATION WITH SOUTH RIBBLE BOROUGH COUNCIL

The Director of Transformation presented a report requesting approval to undertake a joint procurement tender exercise with South Ribble Borough Council for the renewal of the current insurance covers in place at both Councils under existing Long Term agreements that will expire on 31 December 2011.

The joint insurance tender would be a key project in the Shared Financial and Assurance Services Business Improvement Plan that had been agreed by the Shared Services Joint Committee.

The report summarised the approach for the tender, together with the evaluation procedure and criteria to be applied for a combined tender exercise that would seek out more economically advantageous terms than would exist if each Council were to approach the insurance market separately.

Decision made

- 1. Approval that South Ribble Borough Council will act as lead body for the joint procurement and conduct the exercise in compliance with its Contract Procedure Rules and Procurement Guidance.**
- 2. Approval of the use of the proposed contract award procedure and evaluation criteria set out in the report.**

Reasons for the decision

The aims of the joint tender exercise were to:

- (a) Seek volume discounts from insurers by providing them with a larger overall offer;
- (b) Share procurement costs by arranging one tender exercise, rather than two;
- (c) Rationalise the current insurance portfolios in order to provide ongoing administrative efficiencies.

Alternative option(s) considered and rejected

Research was undertaken involving the Council's Procurement and Partnerships Manager to identify alternatives to the traditional tender approach to obtaining insurance covers. For example a number of consortia were currently being developed.

During a recent tender exercise to appoint a joint insurance broker to both Council's all three candidates were questioned on their views on the alternatives on offer. All were dismissive about the possibility of forming a consortium, feeling that any procurement savings from this route would be modest.
