

NOTICE:
 Copyright in all documents and drawings prepared by the architect and any article selected from these documents and drawings shall, unless otherwise specified, remain the property of the architect and shall not be reproduced by, for or disclosed to, a third party without the written consent of Good & Tillotson.

DO NOT SCALE OFF THIS DRAWING.

All dimensions to be checked on site and any discrepancies to be referred to the architect before proceeding.

ALL LEVELS TO BE CHECKED ON SITE.

All discrepancies between information shown on this drawing and the information in the specification to be referred to the architect prior to proceeding.

All component sizes and references to be checked prior to ordering of materials.

Positions and designation (i.e. combined, surface water or foul) of drains and gullies on site to be checked (confirmed by the existing contractor) prior to commencement of any drainage works. Any existing drains, to which additional connections are to be made, are also to be checked, as necessary to ensure they are suitable to accommodate additional capacity and the type of effluent being connected.

All essential fire safety positions to be checked prior to proceeding.
