1 Executive Summary

Introduction

- 1.1 Grant Thornton, as the Council's auditors and acting as agents of the Audit Commission, is required to certify the claims submitted by the Council. This certification typically takes place some 6-12 months after the claim period and represents a final but important part of the process to confirm the Council's entitlement to funding.
- 1.2 The Council's external auditor's have certified two claims and returns for the financial year 2011/12 relating to expenditure of £55.6 million.
- 1.3 This report summarises our overall assessment of the Council's management arrangements in respect of the certification process and draws attention to significant matters in relation to individual claims.

Approach and context to certification

- 1.4 We provide a certificate on the accuracy of grant claims and returns to various government departments and other agencies. Arrangements for certification are prescribed by the Audit Commission, which agrees the scope of the work with each relevant government department or agency, and issues auditors with a Certification Instruction (CI) for each specific claim or return.
- 1.5 Appendix A sets out an overview of the approach to certification work, the roles and responsibilities of the various parties involved and the scope of the work we perform.

Key messages

- 1.6 It should be noted that all work reported in this certification report was completed by the Audit Commission prior to our appointment as the Council's auditors. The findings set out in this report therefore represent the results of your previous auditors work.
- 1.7 A summary of all claims and returns subject to certification and details of our certification fee is provided at Appendix B. The key messages from our review are summarised in Exhibit One, and set out in detail in the next section of the report.

Arrangements for certification for claims and returns:

- below £125,000 - no certification
- above £125,000 and below £500,000 - agreement to underlying records
- over £500,000 - agreement to underlying records and assessment of control environment. Where full reliance cannot be placed, detailed testing.

Exhibit One: Summary of Council performance

Aspect of certification arrangements	Key Message
Submission and certification	All claims were submitted on time to audit and all claims were certified within the required deadline.
Accuracy of claim forms submitted to the auditor	The Council is performing well and there are no significant matters arising from our certification of claims and returns. All claims were certified without the need for qualification.
Amendments and qualifications	The national non-domestic rates return required an amendment of £57,597.
Supporting working papers	Supporting working papers for the claims and returns were good, which enabled certification within the deadline.

Acknowledgements

- 1.10 We would like to take this opportunity to thank Council officers for their assistance and co-operation during the course of the certification process.

2 Results of our certification work

Key messages

- 2.1 We have certified two claims and returns for the financial year 2011/12 relating to expenditure of £55.6 million.
- 2.2 The Council's performance in preparing claims and returns is summarised in Exhibit Two.

Exhibit Two: Performance against key certification targets

Performance measure	Target	Achievement in 2011-12		Achievement in 2010-11		Direction of travel
		No.	%	No.	%	
Total claims/returns		2		2		
Number of claims submitted on time	100%	2	100	2	100	→
Number of claims certified on time	100%	2	100	2	100	→
Number of claims certified with amendment	50%	1	50	1	50	→
Number of claims certified with qualification	0%	0	0	1	50	↑

- 2.3 This analysis of performance shows that:

- all claims had been submitted by the Council on time in accordance with central government department deadlines
- all claims were certified within the relevant timescale
- one amendment was made to the national non-domestic rates return increasing the amount payable by the Council to the national pool by £57,597. The amendment was in respect of regulations which came into effect in 2009/10, allowing business ratepayers to apply to defer part of their bills that year in order to mitigate the effects of significant increases due to inflation and revaluation adjustments. These deferred amounts were subsequently collected in 2010/11 and 2011/12, and were payable by the Council to the national pool. The 2011/12 payment was inadvertently omitted from the return.

- 2.4 Your previous auditors, the Audit Commission, charged a total fee of £20,710 against an indicative budget of £20,000 for the certification of claims and returns in 2011-12. Details of fees charged for specific claims and returns are included at Appendix B.

A Approach and context to certification

Introduction

In addition to our responsibilities under the Code of Audit Practice, we also act as agents for the Audit Commission in reviewing and providing a certificate on the accuracy of grant claims and returns to various government departments and other agencies.

The Audit Commission agrees with the relevant grant paying body the work and level of testing which should be completed for each grant claim and return, and set this out in a grant Certification Instruction (CI). Each programme of work is split into two parts, firstly an assessment of the control environment relating to the claim or return and secondly, a series of detailed tests.

In summary the arrangements are:

- for amounts claimed below £125,000 - no certification required
- for amounts claimed above £125,000 but below £500,000 - work is limited to certifying that the claim agrees to underlying records of the Council
- for amounts claimed over £500,000 - an assessment of the control environment and certifying that the claim agrees to underlying records of the Council. Where reliance is not placed on the control environment, detailed testing is performed.

Our certificate

Following our work on each claim or return, we issue our certificate. The wording of this depends on the level of work performed as set out above, stating either the claim or return is in accordance with the underlying records, or the claim or return is fairly stated and in accordance with the relevant terms and conditions. Our certificate also states that the claim has been certified:

- without qualification;
- without qualification but with agreed amendments incorporated by the authority; or
- with a qualification letter (with or without agreed amendments incorporated by the authority).

Where a claim is qualified because the authority has not complied with the strict requirements set out in the certification instruction, there is a risk that grant-paying bodies will retain funding claimed by the authority or, claw back funding which has already been provided or has not been returned. In addition, where claims or returns require amendment or are qualified, this increases the time taken to undertake this work, which impacts on the certification fee.

Certification fees

Each year the Audit Commission sets a schedule of hourly rates for different levels of staff, for work relating to the certification of grant claims and returns. When billing the Council for this work, we are required to use these rates. They are shown in the table below.

Role	2011/12	2010/11
Engagement lead	£325	£325
Manager	£180	£180
Senior auditor	£115	£115
Other staff	£85	£85
