A key priority for LCC's subsidised bus services will be to consider the principal purpose of the bus service and how it is used. A score will be allocated (up to a maximum of 10) based on whether services provide access for employment (5), followed by education (4), health/medical/welfare (4), shopping (2), personal business and leisure (1).

Overall

Lancashire County Council currently assesses its subsidised local bus services purely on financial grounds - 40% of the cost of the provision should be met through fares income, including both that paid by passengers on bus together with the reimbursement of funding from the carriage of older or disabled persons ENCTS concessionary travel pass holders .

The proposed new criteria takes into consideration operational aspects of the subsidised bus services and also the county council's priority themes.
