### **CORPORATE PRIORITIES**

5. This report relates to the following Strategic Objectives:

Involving residents in improving their local area and equality of access for all	x	A strong local economy	
Clean, safe and healthy communities		An ambitious council that does more to meet the needs of residents and the local area	

### **BACKGROUND**

6. The Order was made and served along with the statutory notice prescribed in Regulations on all those with an interest in the land on which the trees are situated on the 18<sup>th</sup> September 2014. The Order was made because on the assessment of Planning Officers the trees make a valuable contribution to the visual amenity of the area, being prominently situated and clearly visible to the public and that their removal would have a significant impact on the environment and its enjoyment by the public.

7. Charnock Richard Parish was notified of the order as a courtesy although the relevant Regulations do not require it to be notified
8. The Order protects a number of individual trees which range from oak, sycamore, ash, common alder, silver birch, field maple, Himalayan birch, holly, hawthorn, goat willow and elder. There are a number of group of trees which will also need to be protected. Members will note from the plan attached to the order where the trees are located.
9. No objection has been received in response to the making of the above Order. It is therefore now open to the Council to confirm the above Order as unopposed. The effect of formally confirming the Order will be to give permanent legal force to the Order, as opposed to provisional force, thereby making it an offence on a permanent basis to fell or otherwise lop, prune etc. the trees protected by the Order without first having obtained lawful permission. Offences are punishable by a fine of up to £20,000 in the magistrates' court.
