

MEPs in the North West Region, 2014-2019

MEPs are elected every five years on a regional basis which means that each MEP in a region represents each and every person living there. In May 2014, the people of the North West elected eight members to the European Parliament; three from the Labour Party, two Conservatives and three members of UKIP.

Below are the contact details of your MEPs. If you wish to raise an issue concerning the EU, you may contact any of them.
