CORPORATE PRIORITIES

- This report relates to the following Strategic Objectives:

Involving residents in improving their local area and equality of access for all		A strong local economy	
Clean, safe and healthy communities	X	An ambitious council that does more to meet the needs of residents and the local area	

BACKGROUND

The Council has received an application made under Schedule 13 of the Gambling Act 2005 for more than 2 gaming machines for the public house Trader Jacks of Hollinshead Street, Chorley. The premises benefits from a Premises licence issued under Section 17 of the Licensing Act

2003 authorising the sale of alcohol, this authorisation is a pre-requisite to enable the above application. The Premises Licence PLA 0255 and Plan are attached as **Appendix 2**.

Where a premises wishes to have more than 2 machines, then it needs to apply for a Gaming Machine permit and the Authority will consider that application based upon the licensing objectives, the Guidance, and such matters as they think relevant. Members should be satisfied that the granting of the said permit will not undermine the licensing objectives and that the applicant is aware of the positive steps required to promote the licensing objectives. This Authority considers that such applications will be decided on a case-by-case basis, but generally there will be regard for the need to protect children and vulnerable persons from harm or being exploited by gambling. The Licensing Authority will expect the applicant to satisfy it that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Such measures may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Additionally, notices and signage may also be of assistance. With regard to the protection of vulnerable persons, applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as Game Care. It is important that staff are able to see if the machines are being played by any adults with a gambling problem.

Officers attended the premises on 18 November 2014 to assess the suitability of the premises to accommodate additional gaming machines in line with the application received. It was noted that one of the two existing gaming machines on the premises was positioned that allows the machine to be played without any member of staff having adequate sight of the machine during play. Officers offered words of advice to the DPS at that time and received assurance that it would be re-sited. Officers raised concerns at the visit regarding the siting of additional machines in relation to allowing adequate space for the safe passage of customers and staff having a clear line of sight for the supervision of the machines at all times.

In determining this matter Members shall have consideration for the following provisions;

Chorley Council's Statement of Gambling Policy. Attached as **Appendix 3**.

Members are reminded of the Gambling Act 2005 licensing objectives which are;

- (a) Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime,
- (b) Ensuring that gambling is conducted in a fair and open way, and
- (c) Protecting children and other vulnerable persons from being harmed or exploited by gambling.

The Gambling Commission's published Code of Practice provides the requirements that must be complied with by the Gambling Machine Permit Holder. The document is attached at **Appendix 4**. The guidance is applicable to all licensed premises in relation to any number of gaming machines that are provided.

Members' attention is drawn to the committee's discretion in determining this matter which is prescribed within Schedule 13 Section 283 of the Gambling Act 2005 which states they may;

- a) Grant the application,
- b) Refuse the application,
- c) Grant it in respect of;
 - 1) A smaller number of machines than that specified in the application,
 - 2) A different category of machines from that specified in the application, or
 - 3) Both.
- d) Members may not attach conditions to a permit.

The applicant in respect of this application has been invited to attend the hearing and make representation.

COMMENTS OF THE MONITORING OFFICER

Under Schedule 13 of the Gambling Act 2005 members must have regard to the licensing objectives contained in the Gambling Act 2005, national guidance issued by the Gambling Commission and such other matters as they think are relevant. It would be reasonable for members to have regard to the Council's own statement of gambling policy.

Other relevant considerations would be the location of the proposed machines so that staff could clearly see minors or problem gamblers attempting to play the machines and intervene. Also the location is a relevant consideration for fire safety.

Provisions of the Human Rights Act 1998 are relevant to the application, including but not limited to Article 1, Protocol 1 (peaceful enjoyment of possessions) and Article 6 (right to a fair hearing). In the event that the application is granted in whole or in part then under section 282 of the Gambling Act 2005 the location and operation of the machines must be in accordance with any relevant Code of Practice issued by the Gambling Commission.

The applicant has a right of appeal to the magistrates' court within 21 days of receiving notice of the decision to (i) reject the application or (ii) grant an application for a smaller number of machines than that specified in the application or a different category of machines from that specified in the application (or both)
