# Introduction

This paper provides the Governance Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes a summary of emerging national issues and developments that may be relevant to you.

Members of the Governance Committee can find further useful material on our website [www.grant-thornton.co.uk](http://www.grant-thornton.co.uk), where we have a section dedicated to our work in the public sector (<http://www.grant-thornton.co.uk/en/Services/Public-Sector/>). Here you can download copies of our publications including:

- Working in tandem, local government governance review 2014, our third annual review, assessing local authority governance, highlighting areas for improvement and posing questions to help assess the strength of current arrangements
- 2016 tipping point? Challenging the current, summary findings from our third year of financial health checks of English local authorities
- Local Government Pension Schemes Governance Review, a review of current practice, best case examples and useful questions to assess governance strengths
- Responding to the challenge – Alternative Delivery Models in Local Government

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

# 2020 Vision

## Grant Thornton

Our national report '2020 Vision' is available at: <http://www.grant-thornton.co.uk/en/Publications/2014/2020-Vision-Exploring-finance-and-policy-futures-for-English-local-government-as-a-starting-point-for-discussion/>

In a time of unprecedented challenge for English local government, how can the sector develop towards 2020 if it is to have a sustainable future? Our latest report provides a thorough analysis of the current political and economic context, explores a range of potential policies and outcomes, and suggests several scenarios to facilitate an open debate on the future for the sector.

Produced in collaboration with the University of Birmingham's Institute for Local Government Studies (INLOGOV), our report suggests that fundamental changes to local government are both operationally necessary and constitutionally inevitable, for the sector to remain relevant by 2020. The report offers a thorough analysis of the current political and economic context and explores a range of potential future policies and outcomes that English local government will need to adopt and strive towards as they seek to adapt and overcome these challenges.

Placed in the context of enhanced devolution, following the Scottish independence referendum, 2020 Vision maintains a wary eye fixed on the 2015/16 Spending Round and looks ahead to the life time of the next government. It highlights that the economic and financial situation remains increasingly untenable, with an expanding North/South divide arising from the pattern of funding reductions and economic growth.

English local authorities continue to face unprecedented challenges, relating to the pressures of austerity and central government funding reductions, and demographic and technological change. Our report highlights the vital role of a successful local government sector and encourages it to think hard about how it will cope in the future.

Informed by the views of a broad range of local authority leaders, chief executives and other sector stakeholders, the report offers a set of six forward-looking scenarios\* in which councils could be operating within by 2020. Though not mutually exclusive, we suggest that key stakeholders need to take urgent action to avoid a potential slow and painful demise for some councils by 2020.

Hard copies of our report are available from your Engagement Lead or Audit Manager.

# Pulling together the Better Care Fund

## Grant Thornton

Our national report 'Pulling together the Better Care Fund' is available at: <http://www.grant-thornton.co.uk/en/Publications/2014/Pulling-together-the-Better-Care-Fund/>

Our report draws on our review of the introduction of draft Better Care Fund (BCF) plans for both the February and April submissions. It is based on a sample of our findings from 40 HWB localities. It considers the partnership arrangements across a HWB planning area and is supported by discussions with the sector, across the country. The result is a snap shot of progress as at 30 June 2014, prior to the issue of revised planning guidance by NHS England and the Local Government Association on 25 July 2014.

It provides you with:

- an understanding of how your approach to introducing BCF compares to others across the country
- assistance in identifying the key issues to delivering Better Care Fund plans effectively
- insight into current best practice
- practical areas for consideration for improving arrangements in the future.

Hard copies of our report are available from your Engagement Lead or Audit Manager.

# Protecting the Public Purse 2014

## Local government guidance

On 23 October 2014 the Audit Commission released its national report, *Protecting the Public Purse 2014, Fighting Fraud against Local Government*.

'Protecting the Public Purse', the final one being issued before the Commission closes at the end of March 2015, looks at the landscape of fraud against councils and how this has changed since 1990, when the Audit Commission first turned the spotlight on to local government fraud with its 'Protecting the Public Purse' reports. The report highlights that:

- In total, local government bodies detected fewer cases of fraud in 2013/14 compared with the previous year, continuing the decline noted in *PPP 2013*. However, their value increased by 6 per cent.
- In the past 5 years, councils have shifted their focus from benefit fraud to non-benefit fraud. From 2016, they will no longer deal with benefit fraud.
- Councils will need to focus on the non-benefit frauds that present the highest risk of losses, including those that arise from the unintended consequences of national policies.
- Overall, councils are detecting more non-benefit frauds, but detection rates for some types of frauds have fallen.
- Councils are detecting more housing tenancy fraud and more fraud in schools.

The report includes a number of recommendations for all Local Government bodies and a self assessment checklist to review the counter fraud arrangements in place.
