

## Potential recommendations

1. That the Council should raise awareness with elected members and officers,
  - by continuing to support campaigns raising awareness of CSE and other safeguarding issues;
  - by continuing to deliver training programmes to elected members and officers of the council in regards to CSE; and
  - by working with partners to produce an appropriate package of training specifically relating to CSE to be delivered to the targeted officers who already receive safeguarding training.
2. Ensure both members and officers have an understanding of the partnership approach adopted and the key early intervention opportunities, whereby every contact with a child or young person matters.
3. Ensure both members and officers have an understanding of the referral pathway in place for suspected cases of CSE or where there is a potential risk of CSE taking place.
4. That the Licensing and Public Safety Committee be requested to extend the CSE training beyond the taxi trade to the wider licensing community. To ensure a successful roll out, a distinct and comprehensive action plan should be first drawn up to include resource implications.
5. The council should work with and support partners in producing appropriate material/ delivering events to raise CSE awareness amongst parents and guardians.
6. That a representative from Parklands Academy and a primary school be invited to join the CSE Task and Finish Group to put forward recommendations to the Chorley and South Ribble Community Safety Partnership.
7. The council should improve links with high schools to ensure that the list of relevant contacts for each school is accurate and kept up to date.
8. In raising awareness about CSE, elected members be informed about those circumstances where CSE exists or where there is a potential for CSE to develop, so that they can ensure they follow personal safety guidance in carrying out their ward councillor role. This matter to be referred to the Member Support Working Group for their consideration and guidance.
