

Notice of General Exception

Title of decision:

Provision of Data/Broadband services to the Strawberry Fields Digital Office Hub - approval of procurement process

Is the decision key or confidential?

Confidential

Decision maker:

Executive Leader

The expected date of the decision:

October 2018

Documents to be considered by the decision maker:

Report of the Director (Business, Development and Growth)

Reason why the decision was not published 28 days before the decision was expected to be made:

It is imperative that we look to undertake the procurement of the IT services asap to allow this to fit in line with the accelerated programme of the capital build. The broadband/data connection is required to ensure all the necessary building management systems can be tested and we can look to obtain a number of fixed IP addresses for the various systems in advance due to the time it takes for suppliers to procure these.

The agenda and reports should be available on the Council's website 5 days before the meeting www.chorley.gov.uk
