4 SAFEGUARDING

a Update from LSCB

Danielle provided an update on all Serious Case Reviews recently published. Danielle gave an overview of each case.

She explained that there are key themes which have come out of these reviews, they include:

Parenting capacity, impact of adverse childhood experiences, cannabis use in parents, plus others.

LSCB will be looking to run a campaign to raise awareness around cannabis use.

Members of the Board asked if health nurses and schools receive some of the information back following the reviews.

Danielle explained that they produce learning briefs, these go out to panel member's and are available on the website. Practitioners are involved in the process directly and therefore receive the learning quicker. Schools are also invited to any learning events.

The LSCB will be producing new material and running several campaigns on a number of common themes found from the Serious Case Reviews, learning briefs are available on the website for information.

b Section 11 Safeguarding Assessments

Danielle advised that the deadline is Wednesday, Louise will send Chorley's tomorrow (16th June)
