16.GP.25 Digital Office Park: Appointment of Main Contractor

Cath Burns, Employment, Skills and Business Support Manager gave a short presentation on the key elements of the project to develop a Digital Office Park and

wider Digital Health Village which had been agreed at full Council originally in September 2016; and more recently in September 2017, when authority to proceed with the design and delivery of the enabling works for the site was granted.

The project would provide a hub for bespoke digital office and start up accommodation for small to medium sized businesses with access to boardrooms and other central facilities, supported by a Centre Manager and Administrator and specialist digital Business Advisor. It would support 80 businesses and generate around 240 jobs.

The ownership of the wider site had recently changed and was now held by Primrose Holdings who would undertake the enabling works to create the access road required for the development of the Digital Office Park. The Council was in discussion with company about the future development of the Digital Health Village.

The report of the Director of Business, Development and Growth sought approval to the appointment of the main contractor for the development of the Digital Office Park following a very thorough procurement process required for a project of this scale receiving EU funding:

- Compliance with the Council's Contracts Procedure Rules, the Public Contracts Regulations 2015 and the DCLG ESIF compliance guidance.
- 6 bids were received and 5 were evaluated as within the net construction cost limit indicated in the published information for the invitation to tender.
- These went through a Stage 1 compliance evaluation and a Stage 2 price evaluation, and were assessed and moderated against the detailed non price criteria.

The successful tenderer was below the overall estimated construction cost, however it was acknowledged that there was likely to be some variation once further clarification was received on areas of omission. The company would start on site early in the new year.

Members discussed the procurement process and made comparisons with the Lancashire Regeneration Property Partnership framework as a procurement method.

RESOLVED –

- 1. That the contract for the Main Contractor for the Digital Office Park be awarded to the bidder which achieved the highest scoring tender in the procurement process; Wilmott Dixon Construction Limited with a total contract value of £5,922,650 subject to the verification of self-certified information and confirmation of contract examples; and**
- 2. That completion of the contract documentation be authorised.**
