

Audit Subject	Date of completion	Agency	Recommendation	Current Position (March 2015)
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need to ensure that the recording of information on the child/young person's case file is representative of the work being completed.	
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need to ensure that plans in place are outcome focussed and distinguish between the adult's needs and the impact of their behaviour on the child/young person.	This has been addressed with regard to CAF following subsequent audit findings.
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need for clarity within plans of agencies responsibilities and actions to avoid duplication of work and expectations on families who become overwhelmed by the number of interventions.	This has been addressed with regard to CAF following subsequent audit findings.  It has been suggested that local development of Early Help and WTWF arrangements has improved this position also.
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need for further auditing of cases in relation to CAF and review the effectiveness of the early intervention services in place in addressing need and reducing/managing risk by building resilience within families	Further auditing of CAF has taken place by the LSCB which has raised similar issues. These have largely been addressed as part of the refresh of CAF and the CoN and subsequent workforce development as described under the audits tab.

Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need to improve the information sharing and relationship between Children's Social Care and CAMHS, Children's Centres and the Drug and Alcohol Services	It has been suggested that this has improved as a result of local developments in relation to EHPs and WTWF.
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need to ensure that the list of cases and additional information required by Ofsted is easily retrievable by all agencies. Health information is held by a complexity of provider organisations and this should be recognised in the preparation process to ensure the information is complete	
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need for closer collaboration between the District Trusts and the Directorate to ensure any early intervention commissions are addressing the safeguarding needs identified within CSC	It has been suggested that this has improved as a result of local developments in relation to EHPs and WTWF.
Chorley & South Ribble MASPI	November 2012	C&SR District Trust	There is a need to ensure services to address Domestic Abuse, Adult Mental Health and Adult Learning disability are in place as these were significant characteristics in the cases scrutinised.	It has been suggested that this has improved as a result of local developments in relation to EHPs and WTWF.
